Playing recently received much encouragement from good and true men, it is proposed to resume its publica-tion without delay as A LITERARY AND PO-LITICAL JOURNAL, and, we are encouraged to believe, on such basis as will preclude the proba-bility of a failure.

allegiance to any national party, nor seeking to ad vance its interests by subserviency to any local elique whatever. It will be entirely independent in its expression of opinion on public men and measures— in short, it is our desire to make it a faithful representative of the people and a fearless advocate of the interests of the State. The position of the South at this juncture, the apparent truckling of the South at this juncture, the apparent Truckling of the ap-pointers and organs of the present Administration to the Freesoil or Black Republican party, as exhibited in the course of the Governor of Kansas, demand that the press of the South should shake off the stackles of party, and unhesitatingly define its position and avow its determination to maintain and defend the rights of the Southern States. It is now too late to deplore the formation of sectional parties -- the South, as a section, must fight her own battles, or be over-
